

# HEALTH CONSIDERATIONS FOR NAVIGATING COVID-19

2020-2021 Planning Guide  
for Christian Life School

[www.kclsed.org](http://www.kclsed.org)

## HEALTHY HYGIENE PRACTICES

Ensure the availability of appropriate supplies to support healthy hygiene behaviors (e.g., soap, hand sanitizer, paper towels, disinfectant wipes, and tissues) and strategically place supplies in areas where they may be frequently used.

## CLEANING PROCEDURES

Establish a schedule for routine environmental cleaning and disinfection of high-touch surfaces and shared equipment throughout the day using EPA-approved disinfectant for SARS-CoV-2. Increase the frequency of disinfection during high-activity periods during the school day.

## SOCIAL DISTANCING STRATEGIES

Implement strategies to increase the physical space between students and limit interactions in large group settings. Continue to implement recommendations from the CDC, Wisconsin Department of Instruction, and Kenosha County Health Dept. in order to prevent any potential spread of infection.

## MONITOR FOR ILLNESS

Regular screening for symptoms and ongoing self-monitoring throughout the school day will help to quickly identify signs of illness and help reduce exposure. Staff and students will be encouraged to self-monitor symptoms throughout the day.

*Prioritizing your child's safety,  
education, and spiritual growth.*
